#### Civics Department Holds Independent Meeting Saturday

The civics department of the Woman's club will hold their regular meeting in the Elks' hall Saturday at 2 o'clock p. m. After the business meeting the department will visit the Arizona Lumber & Timber company mill and then the county hospital. We hope to have every member present and will gladly welcome any one interested in this local work. Cars will be provided for all who wish to make the trips.

#### Monday at Bridge

One of the very pretty bridge parties of the week was given Monday afternoon at the Osler home.

This is the last of a series of pleasant afternoon bridge gatherings. The delectable luncheon served at five-thirty was a very dainty and enjoyable part of the afternoon.

Mrs. Osler was assisted in serving by Mrs. E. H. Wheat. Mrs. Paul Zinn received the lovely prize, a dainty pillow fashioned most exquisitely.

The guests included, Mrs. William Babbitt and house guest, Mrs. Ray Babbitt; Mrs. Earl Slipher, Mrs. Arthur Riordan, Mrs. Paul Zinn, Mrs. Al Sanford, Mrs. Edwin Babbitt, Mrs. E. H. Wheat, Mrs. Sidney Gassman, Mrs. Tom Rees, Mrs. Fred Browning, Mrs. Martin Fronske, Mrs. Frank Noble, Mrs. Charles Isham, Mrs. Richard Connor, Mrs. Stuart Campbell, Miss Margaret Walsh and Miss Gertrude Babbitt.

#### Shakespeare Club Meets

Monday night Miss Freda Johnson was hostess to the Shakespeare club.

The meeting was called to order by the president and the roll call and minutes followed. Current events were given by Mrs. Rudd who told some very interesting points along peace lines.

Mrs. L. B. McMullen was the leader for the evening and read reviews and extracts from a number of pamphlets concerning the community church movement in New York city. Later she discussed interesting views on what we may expect from the peace conference, recently opened at our national capitol. She gave her own views as well upon the religious trend of the day and asked for further discussion from the club. All the members voted it an unusually profitable evening. Next Monday night Mrs. T. E. Pollock will be hostess to the club.

#### Music Department

Mrs. Raymond Babbitt was hostess Saturday afternoon to the Music department, entertaining with her sister, Miss Margaret Walsh, also a prominent member of this enthusiastic department.

An attendance of twenty was noted. Current events by each member made interesting facts in musical circles apparent.

After transacting an unusual amount of business the meeting was given over into the charge of Mrs.

Robert Pollock who had prepared a very elaborate program on the opera, "Martha." The story of the opera was most interestingly received and as the various popular airs occurred Mrs. Pollock introduced a number of artists to render them.

Assisting Mrs. Pollock were Mrs. Pierson, Mrs. Stevenson, Mrs. C. B. Wilson. These gave solos, duets and quartettes which were much appreciated. Dainty bonbons were a part of the program also.

#### Five Hundred Club

Wednesday evening the Archer home on Aspen avenue was the scene of a very delightful gathering.

We have heard such glowing reports of the good time and the wonderful "eats" that we can readily believe it was as enjoyable as the following guests attest: Mr. and Mrs. Henry Albers, Mr. and Mrs. Loren Cress, Mr. and Mrs. C. P. Heisser, Mr. and Mrs. J. D. Jackson, Mr. and Mrs. Chas. Hillebrandt, Mr. and Mrs. A. J. Sullivan, Mr. and Mrs. C. B. Wilson, Mr. and Mrs. Frank Richmond, Mr. and Mrs. Frank Goodman, Mr. and Mrs. J. W. Francis, Mr. and Mrs. G. F. Manning, Sr., Miss Albers and Miss Hillebrandt, Mr. and Mrs. J. C. Kelly.

#### To Swell the Building Fund

Are we all set to boost the building fund of the Woman's club? Let us hope that from now on a steady purpose may obsess us to see the proposition through. The music department will give their annual offering on December 5.

A Constance Talmadge picture. It isn't "Sally in our Alley" or "Seeing Sally Home," but it is something about "Sally."

The Music department will give a Gypsy program before the picture, to include dances, solos, quartettes and choruses. The program promises to be more than usually good.

#### Camp Fire Silver Tea

Tomorrow the girls will keep their fall ceremonial by giving a little afternoon program at the Presbyterian church. This is always worthy of attendance for they incorporate the ideals and graces which not only young girls, but adults as well, may use as standards for living.

#### Eastern Star Banquet

The members of the Eastern Star enjoyed a treat Tuesday night when their worthy patron, Charles T. Woolfolk, invited them to a feast such as is seldom enjoyed. After the regular meeting, the tables were invitingly

spread for the banquet of which some two hundred partook. Speeches of appreciation followed and the entire evening was one long to be remembered.

The speeches were made by Mrs. Rosaline Clark, past worthy grand matron; Miss Ardelle Switzer, Dr. E. S. Miller, Douglas Roome, and J. T. Rush. Mrs. Robert Garing was toast-mistress, capable and witty. Mrs. G. A. Pierson rendered a vocal solo, Miss Hazel Garing a vocal solo, with Mrs. F. O. Allen, accompanist; Roger Morse a violin solo, with Mrs. Morse, accompanist; Miss Bessie Kidd, recitation; Mrs. C. C. Schwarz and Florence Allen, piano duet; piano solos by Edith Foster, Mary Wilson, Florence Norman and Victor Dickinson.

The banquet was given by Mr. Woolfolk, who is worthy patron, to celebrate the growth of the chapter during the last year up to and beyond the 200 membership mark. Mrs. Woolfolk is worthy matron.

#### Bazaar a Tremendous Success

The ladies of the Altar society of St. Anthony's met with unqualified success Tuesday when they displayed their wonderful needle work and culinary gifts. Almost \$400 was realized, to say nothing of the very nice social time. The musical program in the evening was enjoyed by a great number and the young people indulged in a little dancing. While the ladies are tired, they feel more than repaid for their efforts.

#### Forecasting Coming Event

We learn that several social affairs are being planned complimentary to two popular young Flagstaff people, Miss Vie Nay and Orrin Compton, whose nuptials, we understand, will be celebrated not long after the holidays.

#### DAINTY, DELIGHTFUL DISHES.

As lemon pie is a general favorite where pies abound, the following recipe will be one to cherish:

**Fluffy Lemon Pie.**—Mix two tablespoonfuls of sugar and one-half teaspoonful of salt with one-quarter of a cupful of cold water to pour; add three-quarters of a cupful of boiling water and cook, stirring until boiling; add the juice of a lemon, the grated rind. Beat the whites of two eggs, also the yolks; fold the whites into the yolks, then add one cupful of sugar, adding a tablespoonful at a time, so that the mixture is kept very light. Bake in two crusts.

**Lettuce With Russian Dressing.**—Prepare the lettuce, chilling after draining, and pour over the dressing, or serve with the dressing passed in a bowl. Beat one-half cupful of French dressing, using six tablespoonfuls of oil and two of vinegar, salt and paprika to taste, gradually with an egg beater into one-half cupful of mayonnaise dressing, then add two tablespoonfuls of chili sauce and fold in one-third of a cupful of cream, whipped, with finely chopped red and green pepper to taste, with onion juice, parsley and cucumber pickle to season.

**Oatmeal Biscuit.**—Sift together two-thirds of a cupful of pastry flour, two teaspoonfuls of baking powder, one-quarter of a teaspoonful of salt; add two-thirds of a cupful of oatmeal, two teaspoonfuls of shortening into the flour and meal, then add milk to make a soft dough, adding a little at a time. Pat the biscuit into shape with a wooden spoon; set them into gem pans and bake in a very hot oven.

**Apricot Sponges.**—Soften one tablespoonful of gelatin in one-quarter of a cupful of cold water, then add to a cupful of apricot pulp and juice, heated hot; add one-quarter of a cupful of sugar; stir until the mixture begins to thicken, then fold in the stiffly beaten whites of two eggs. Serve with whipped cream. Prunes may be used in place of apricots if preferred.

#### STUDY EFFECT OF VIBRATION ON MOISTURE UNDER CONCRETE

Does vibration caused by the movement of a vehicle over a road increase the amount of moisture in the earth under the road and thus weaken its bearing power? This question will be answered when results are secured from an experiment just started by the department of agriculture. Two similar concrete slabs have been constructed side by side, and on one there will be placed a gasoline engine with an unbalanced fly wheel which will cause vibration. Soil samples will be taken from under the slabs and the amounts of moisture compared. This experiment is undertaken, not with the idea that road vibration can be prevented, but to determine whether sufficient increase in the moisture of the subgrade is caused by it to weaken the bearing power of the soil, and incidentally, to develop new ways of testing methods of subgrade treatment.

## FOREIGN WOOL AND SHODDY DESTROYING SHEEP HUSBANDRY

The number of sheep in America has decreased from 52,500,000 head in 1910 to less than 35,000,000 head in 1920, according to statements made before the U. S. senate finance committee at tariff hearings by representatives of the National Sheep and Wool Bureau of America.

J. F. Walker of Ohio, member of executive committee of the bureau, and J. B. Wilson of Wyoming, its vice-president, vigorously attacked the ad-valorem feature of the Fordney tariff bill and asked that it be eliminated.

They presented comprehensive arguments in favor of basing the duty on the clean content rather than the grease, and quoted the costs of growing wool here and in foreign countries, calculated to show that 33c per pound on the clean content basis is the minimum duty that will afford the sheep industry in the United States sufficient protection to prevent its destruction.

The representatives of the bureau claim that there is as great an increase to the wool grower in the cost of producing wool in the United States today over the cost of producing it in 1912 as there is in the increased cost to the manufacturer of manufacturing fabrics in the United States today over the cost to the fabric manufacturer in 1912.

But while the price of wool to the wool grower today is as low and in some instances even lower than in 1912, the prices fabric manufacturers today get for their fabrics are double what they got for the same fabrics in 1912.

The representatives of the bureau also stated that we annually produce more shoddy in the United States than we produce virgin wool, and that in addition to adequate tariff protection, it was necessary to promptly enact the French-Capper "truth in fabric" bill, which would put a stop to counterfitting virgin wool.

#### ROOSEVELT'S PORTRAIT ON NEW TREASURY SAVINGS CERTIFICATES

Secretary Mellon announces that the portrait of Theodore Roosevelt will appear for the first time on a government security on the \$25 denomination of a new issue of treasury savings certificate, which will be placed on sale toward the end of the present calendar year. The new issue of treasury savings certificates will be a feature of the unified government savings plan which is now being developed by the secretary of the treasury and the postmaster general and will be announced later in greater detail. The new plan will combine to the best possible advantage the facilities of the treasury and postal savings systems, and is designed to promote popular saving and investment in government securities. The securities offered will have a wide popular appeal and will be placed on sale throughout the country in convenient form. It is regarded as particularly appropriate that the Roosevelt portrait should appear on a security of this character, and on the denomination which will be the most available to the general public.

#### RANDOM OBSERVATIONS

This isn't a country publisher talking, but the editor of a farm paper: The metropolitan daily will bring to one's doorstep the news of the world seen through the spectacles of the city editor, but it is the editor who lives in the heart of the community who is able to reflect the sentiment of the local group. He alone is the true interpreter of events as they affect the small town and the farming community that immediately surrounds the town.
